# **SITUATION SUMMARY**

## **Castella Water Tank Rupture, Shasta and Siskiyou Counties**

- Cal OES Inland Emergency Services Coordinator (ESC) Ron Quigley was notified by Cal OES Assistant Fire Chief Ken Hood of a water situation in Castella, south of Dunsmuir on the Shasta/Siskiyou County line. Per Chief Hood, the domestic water infrastructure ruptured on the evening of 10/08/15, causing the water system to completely drain.
- ESC Quigley spoke with Dunsmuir Fire Chief Dan Padilla who was on-scene at the Castella water tank. Chief Padilla advised Castella's water tank infrastructure ruptured and lost 300,000 gallons of water over a 6 hour period.
- ESC Quigley advised the following as of 2000 hours on 10/09/15:
  - A boiled water requirement is being issued for the community of Castella.
  - Shasta County sent people door to door to notify residents.
  - Shasta County wants to assure the water has no contaminants, so they are going to test the water on Monday morning. It takes 24 hours to get the test results and they advise they should have the test results by Tuesday morning.

## **City of Yreka Water Main Break, Siskiyou County**

- Per Cal OES IDO: A water supply line suffered a break on 10/09/15. The city is currently under a boil water order. Per State Water Board Division of Drinking Water, samples will be taken today, 10/10/15, for testing. Fairchild Medical Center is currently operating from potable water trucks.

## **Fleet Week, San Francisco, San Francisco County**

- Fleet Week Activities run through October 12th. Activities include the Blue Angels performing, parade of ships on the Bay and ship tours.

## **Cal OES Activation Status**

- The Cal OES State Operations Center (SOC) transitioned to Joint Field Office (JFO) operations with FEMA to support recovery operations.

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Weather of Concern**

- Red Flag Warning remains in effect until 2100 hours this evening for areas in Modoc County.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA**

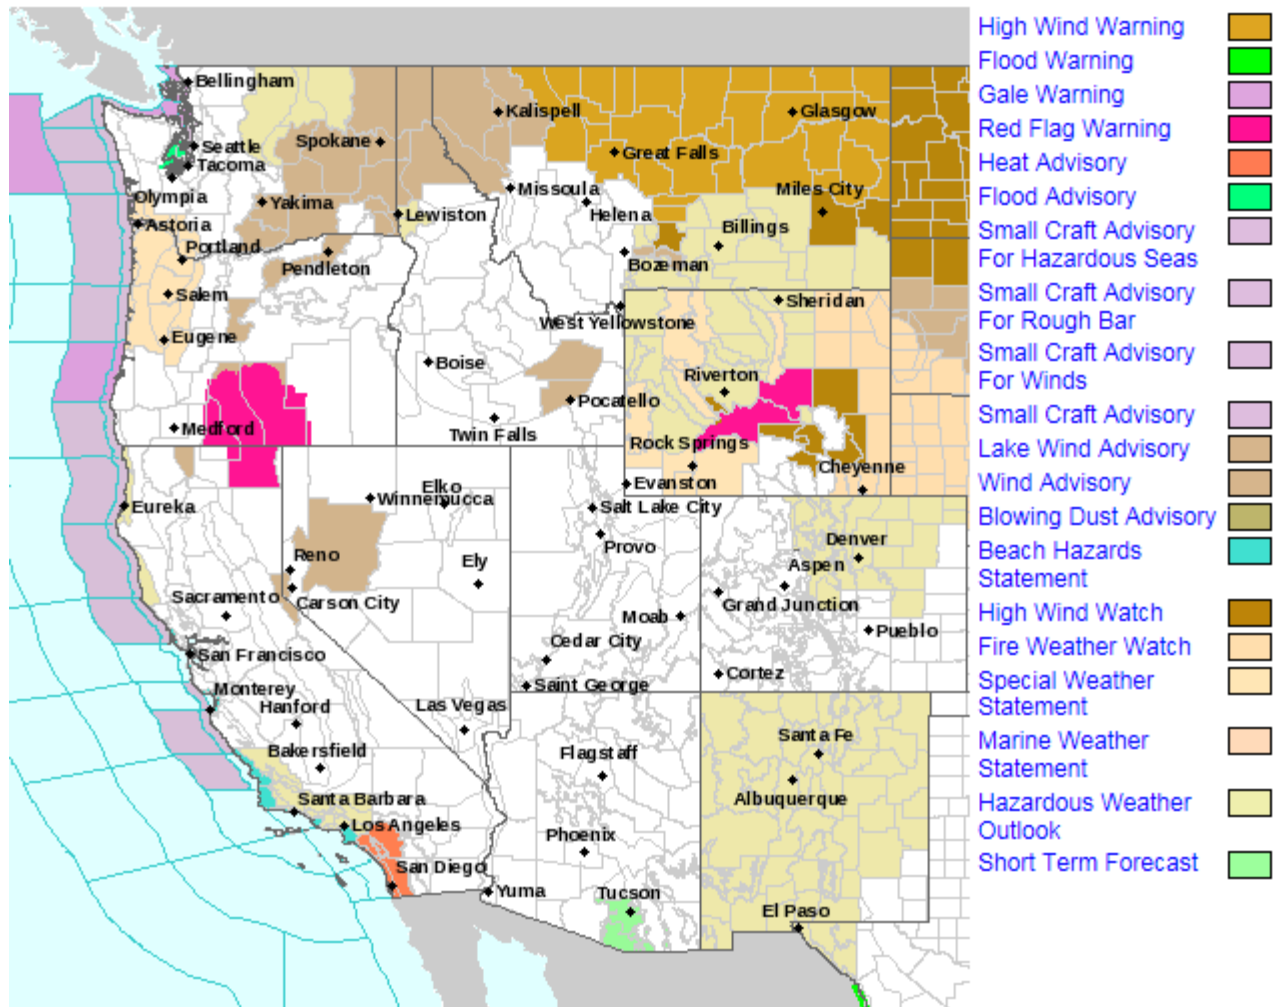

The southern edge of a trough will be moving towards Northern California today, and will likely bring some light, non-wetting precipitation amounts to the far Northwest Coastal areas. Ahead of the system's arrival, moderately strong, gusty southwest winds will develop along and east of the Cascade and Sierra Crest. Wind gusts of 30-40 mph, with local breezes up to 50 mph, are expected to become rather common by early afternoon. Afternoon relative humidity will be 10-15% in most of the windy areas east of the Crest. Any fires would spread rapidly under these conditions. The winds are expected to decrease rather quickly this evening and become much lighter shortly after dark. Overnight humidity recovery will be relatively good across Northeast California as the trough moves inland. Elsewhere across Northern California, overnight thermal belt conditions are likely to develop. High pressure will return and strengthen Sunday into Tuesday for Northern California. Dry, unseasonably warm weather will be in place with inland temperatures on the order of 5-10 degrees above normal, even overnight. Winds will generally be light, except for some moderate, gusty winds expected in the Sacramento Valley area late tonight and Sunday morning. Confidence in the weather pattern for the latter half of next week is low. A weather pattern change is looking more likely to begin the middle of next week with a low from the south moving ashore and northward into our area. Higher humidity and some light showers appear to become possible late Wednesday through Thursday across Northern California. Next weekend may be even cooler and wetter if a stronger Pacific trough moves ashore and inland.

### **SOUTHERN CALIFORNIA**

Temperatures will gradually cool through Monday as strong high pressure over California slowly moves eastward. Maximum temperatures will be in the upper-70s and 80s across the mountains with 90s in the valleys today. Minimum relative humidity will be mainly between 15% and 30% away from the coast through Monday. A more rapid cooling trend and an increase in humidity will affect the region Tuesday through the end of next week as a weak area of low pressure approaches and moves inland from the south. This low will bring a chance of showers and thunderstorms to much of the area Wednesday through the end of next week. Winds will be light through the end of next week.

# STATE WEATHER MAP

Last map update: Oct, 10th 2015 at 6:22:18 pm MDT

# SITUATION SUMMARY

## FIRES, NORTHERN OPERATIONS AREA

### Military, Vegetation Fire, Siskiyou County

Location: Military Pass Road, north side of Mount Shasta

Jurisdiction: SHF, FRA

Start Time: 10/10/15 at 1536

Per CAL FIRE and Cal OES Duty Officers as of 10/10/15 at 1836 hours:

- 50 Acres, 0% Contained
- Moderate rate of spread with spotting
- Winds are moderating
- Federal/State air and ground resources committed
- No current threat to structures
- No evacuations at this time

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC every Monday at 1100 hours.
